CONFIDENTIAL
BY SPECIAL MESSENGER

15 December 1949

Mr. J. Edgar Hoover
Director
Federal Bureau of Investigation
U. S. Department of Justice
Washington 25, D. C.

Dear Mr. Hoover:

This refers to your memorandum of 29 November 1949,
replying to our request of 17 November 1949 for FBI Reports

[Redacted]

While we realize that the reports are somewhat obsolete,
nevertheless, prior to requesting the required data from
[Redacted] in order to avoid unnecessary duplication
of effort, I feel that we should endeavor to ascertain to what
extent this information is presently available to the Government.

As we are anxious to complete this project in the most
expeditious manner, rather than undertaking to obtain the
subject reports from [Redacted] I would like to
request your permission to have a member of my staff make a
brief review of your copy of the reports and perhaps allow
us to borrow some of the material for photostating or micro-
filming.

Would you be kind enough to give this matter further
consideration; be assured that I shall be most grateful for
any assistance you feel can be rendered in connection with this
project.

With best wishes, please believe me,

Sincerely,

sgd

R. H. HILLENKOTTER
Rear Admiral, USN
Director of Central
Intelligence

The Assistant Director for Operations

Request for information from the FBI [redacted]

25X1 REFERENCE: Administrative Instruction [redacted] of 5 October 1949, Par. 1(b)(1)

25X1 1. [redacted] of this
25X1 office is engaged with [redacted] ORE, in the
preparation for the Department of State of a research project
25X1 on this subject. Their report will be submitted in due course
to [redacted] for their additions and
comment.

25X1 2. The subject is such an important one that they feel
it must have been considered by the Federal Bureau of
Investigation during World War II. Any such study by them,
if made available to us, would assist the present project,
would avoid duplication of effort, and would prevent a feeling
25X1 by [redacted] was not cognizant
of, or making use of, previous work in the field.

3. Would you be kind enough to determine whether such
a study or studies were made by the FBI, how elaborate they
were, and if possible, obtain for us the use of such material.
Of course, proper acknowledgement would be given for any such
material utilized.
